A Sport: Anything that takes physical and mental coordination of the human body. This is only a small part of what a sport is. "A sport" is someone who is good natured when defeated by the foe. "Sports" are also activities such as baseball, football, track, cross country, golf and swimming. People who fill the stands of each game are sports; they indirectly take part in the game. No matter what kind of sport you are, there is always room for you at Riverside High School. All in all, Riverside sports have given all students a sense of pride and accomplishment in their school.

As the years went by, students retained memories of their various classes. As seventh graders, R.H. Ser's were initiated into the new atmosphere of junior high life. Seventh graders learned the basic fundamentals of education. In eighth grade, students obtained more knowledge in the fields they selected. For those in the senior high, there were scientific experiments to be performed, speeches to be given, and term papers to be written. And, as always, there were sales to be made. Each class had a specific goal in mind. This fact drove them on to make them even better than those who preceded them.

Twelve long years have gone by and yet they seem like only the passing of months. To some Seniors graduation meant college, to others a job, and to still others, marriage and a family. But to all of them, it represented a great deal of hard work and patience. They've had good times and bad, but with all that behind them now, they go quietly about their ways, each hoping to make a big bang in the world. Whatever their chosen paths may be, may they ponder a final word of wisdom - - - "Life is what you make it."

Debbie,
to one of my favorite cousins, never forget
all the fun times we had. goin to the
drive-in, swimming, roller skating etc...
remember the time the guy with the
canoe wanting us to go boating, couldnt
you see us two steering a canoe, anchors
away my girls. (Ha Ha). And how
can you forget the baseball team. all
girls against the boys and they won!
ah and Life hit us a homerun. And
dont forget the trick we played on John?
well all I can say is all the luck goes
to my younger cousin. $\begin{array}{r} 2 \text{ good} \\ + 2 \text{ be} \\ \hline 4 \text{ I gotten} \end{array}$
